

Hillary LaRue
Project Manager

Education

Bachelor of Science in Interior Design, Baylor University,
Waco, Texas

Experience

Ms. LaRue has worked on commercial office and retail projects for over 5 years. She has been a designer or project manager for commercial office and retail projects as well as multi-family residential projects. Her most recent assignments have been managing the design and construction work for over 500,000 square feet of tenant improvement projects for Sundance Square Management in downtown Fort Worth. Currently, Hillary is also working on a multi-floor interior renovation project for the James L. West Alzheimer Center in Fort Worth that specializes in long-term care for residents with Alzheimer's disease. Hillary's on-hands design and management experience provides added value to her projects.
