

Matthew Snellgrove

Project Manager

Education Bachelor of Science in Civil Engineering, University of Texas at Austin

Experience Mr. Snellgrove has 15 years of experience in an Owner’s Representative and Construction Manager role. He has life-cycle project management experience in non-profit, federal, educational, and institutional projects. He has lead projects that include multi-million dollar educational / institutional facilities, plus adaptive re-use of historic structures through preservation and contextually sensitive alterations. Ranges of services managed include budgeting; marketing; master planning; scheduling both design and construction tasks; and coordination with community groups, city and federal officials. Mr. Snellgrove is currently the lead Project Manager for the new, Tobin PAC (Bexar County Performing Arts Center) in San Antonio, Texas. Other recent assignments include managing the design and construction work for a LEED certified campus expansion for the St. Marks School of Texas, and managing the planning and design phase of a new \$300+ million arena in Fort Worth, TX. Prior to moving to Texas, Mr. Snellgrove worked at Columbia University in the City of New York as Program Manager for the School of Arts & Sciences.
