

Townes Clemons

Project Manager

Education

Bachelor of Science in History University of South Carolina

Experience

Mr. Clemons has provided project management, coordination, and support to a number of projects ranging in complexity from Performing Arts Centers to Office Buildings. Performing Arts Facilities are unique from other design and construction projects and Townes has experience working on the Tobin Performing Arts Center in San Antonio, TX and Gaillard Center in Charleston, SC. Townes has provided RFI tracking, Schedule Oversight and pay application review during construction phases on a number of varying projects as well as specific oversight for the close-out and tuning phases of performance spaces. Townes has been involved in the V/E process for complex and challenging projects which have resulted in significant savings to the owners.
